

LAST CALL!
February 25, 2011

By Michael Erlewine (Michael@Erlewine.net)

Little Gerbera Flower

Here she is! This is her prime. She speaks to the sun. Everything is right. We won't be seeing her again, because like Sandy Dennis in the old movie "Sweet November" she does not want us to see her after today. This is her day, right now.

And she is worth seeing in high-definition if you have the time and interest.
