

**"ASTROLOGY NOW" TRANSITS ON MOBILE PHONES AND DESKTOP
April 29, 2011**

By Michael Erlewine (Michael@Erlewine.net)

"Astrology Now" Professional Level Transits.

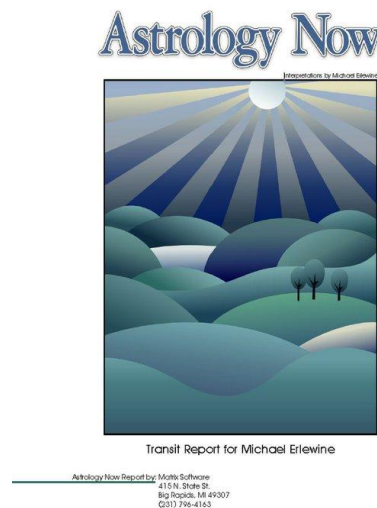

This program will be released in the next week or two on mobile smart phones (iPhone, Android, iPad, etc.) and will also run on both Mac and PC desktops.

For those of you just learning some astrology, your natal or birth chart is not all the astrology there is. It is just the beginning, your beginning. From that birth moment onward the main form of astrology we do has to do with 'transits', which just means what do the planets up in the sky today have to say about the planets in your birth chart. How do they relate?

"Astrology Now" is just that, the astrology of the moment in the heavens above for all of us plus how does that astrology relate to you personally. Our new program gives you a day-by-day, month-by-month report on your ever-changing conditions.

Not quite ready yet, we will announce the Beta version of this program very soon and you can try it out. For professional astrologers "Astrology Now" will have a number of options like Tropical/Sidereal, house systems, True or Mean Node, and so on. Look for it. Meanwhile, glance through some of the pages and check it out. You get a chart wheel, detailed interpretations with image cards, text, and keywords, arranged chronologically and even a line-by-line outline of all transits at the end of the report.

The name "Astrology Now" is owned by astrologer Noel Tyl and is used here with his kind permission.

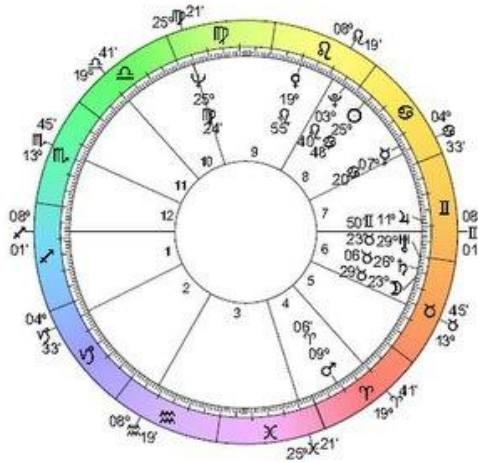

This is the cover page.

Introduction

Your astrological horoscope (natal chart) at birth is an important key to your personality and character, but your natal chart is not the last word about you. As time moves on after the moment of your birth, the Sun, Moon, and planets continue to circle through the heavens forming ever-changing kaleidoscopic patterns in relation to your own birth chart, bringing out or obscuring this or that part of you.

It can be useful to know how these ongoing planetary patterns relate to your life, and that is what this report is about. Here we calculate the primary astrological changes in your chart and interpret them so that you can see at a glance what is happening at any given time. Your events are arranged and interpreted chronologically, by well-known astrologer Michael Erlewine, and each event includes date and time, keywords, astrological indicator, and an astro-tarot card. We hope you enjoy your forecast.

Fresh Ideas

Moon Conjunct Mercury (Wax) Transit to Natal

The mind is filled with memories, all kinds of nostalgia, that float into view, bringing us ideas, our own past, and even short stories or a new vision or way of seeing things, perhaps relating to improving the mind (study, school, etc.) or just food for thought on some subject or another. Whatever it is, it lights up your inner sky and generates memories, stories, and thoughts of the past.

A New Vision

Moon Conjunct Sun (Wax) Transit to Natal

This is on or around the New Moon, so you should be able to sense a new beginning, with perhaps some fresh ideas stirring or surfacing, a renewed impulse or desire that something can and should be accomplished. At the very least, you should sense that you are in a new time and that the slate has been wiped clean. Something fresh is stirring inside, and, although you may not yet be able to see what it is, you should be able to feel what needs to be done, either now or a little farther on up the road. A lot of past baggage has been dropped.
