

# MATRIX ASTROLOGY APP

April 19, 2011

By Michael Erlewine ([Michael@Erlewine.net](mailto:Michael@Erlewine.net))

OK folks, here is the 'Matrix Astrology' app. Check on it and please share with your friends if you like.

The enclosed graphic shows you what it does and the application should be up by 5 PM EDT today (Tuesday April 19th, 2011). If you already have ANY of the web apps we have made, the astrology app will automatically appear at the top of your app menu the next time you go to that bookmark.

And remember, our apps function like web browser bookmarks and don't need to be downloaded, can't be found on the iTunes app store, and never need upgrading. When we upgrade them, you get them automatically the next time you use that bookmark and go to the site.

All you have to do is enter "Astrologyland.com" into a web browser from a mobile smart phone and you have it. Just bookmark it for future use. That's it.

Enjoy!
