

**YOUR PERSONAL ASTROLOGY CALENDAR FOR 2012 – AVAILABLE NOW**  
**February 13, 2012**

**By Michael Erlewine ([Michael@Erlewine.net](mailto:Michael@Erlewine.net))**

I have been publishing a yearly astrology calendar for 43 years. Along with my brother Stephen (also an astrologer), we first published the Circle Books Astrological Calendar in 1969. It has been published ever since, for the last many years by the American Federation of Astrologers (AFA). When the printed calendar stopped a year ago, we decided to make an e-book version so that folks could have it with them on their laptop or iPad wherever they go. And we added something new.

We made the calendar an interactive PDF file and we personalized it so that for each day of the year it shows you not only what is happening that day in the sky above for the whole world, but also what is happening that day in relation to your own particular birth chart. This calendar is personalized to your birth, so that you get individual interpretations tailored for you each day, rather than generic information. And it is easy to use.

We send you a link and you download a PDF file to your desktop, laptop, and iPad, or iPhone, or a copy to each of them. The PDF opens with a calendar page for each month for a year, starting with whatever date/month you ordered your copy.

You can then click on any particular calendar date and a page pops up with personalized interpretation pages for that day of the week that show you what is going on that day for everyone around you, but also how that affects your personal astrology, your natal chart.

And you don't need to know any astrology to use this calendar. The personal interpretation pages are all in plain English (no jargon,) and include keyword titles, timed event details, and personal interpretation. We have even added a full-color astro-tarot card to set the tone.

Just browse through these sample pages here and you will get the idea right away. Some of the technical features the calendar provides include:

- Moon Voice-of-Course
- Planets Stationary and Direct
- Moon Phase.
- Moon Sign
- Sign Changes
- Sun/Moon Angle
- Major Aspects
- More....

You can order your personal astrological calendar for one year at either of these two sites:

Let me know if you like it please. Took a lot of work to make it function right.

# How to Use This Calendar

**Navigation**

The navigation section shows the main interface with a title 'Astrological Calendar 2012' and a decorative image. Below the image are buttons for selecting months and years. A red arrow points from the 'January 2012' button to a larger calendar grid for January 2012. Another red arrow points from a date in the grid to a detailed daily page for 'Wednesday, Jan 11, 2012'. A third red arrow points from the 'Today' button on the daily page to the current date in the grid.

**Moon in Scorpio****Business Support**

The plot thickens, or seems to, for the next few days, as an atmosphere of open intensity and perhaps hidden agendas raise passions and lower shades to facilitate what goes on behind closed doors. Shallow and breezy won't do, but when everybody's trying to play the heavy, take the melodrama with a grain of salt.

**Moon in 3rd Quarter****Harmony Quotient**

Full Moon brings fruition, but also high emotional tides; what you do now may turn out to have been overdone when you look back on it. Deals sealed now may swing erratically later on, but if kept under control will be fat and fruitful. This is the time for plucking the fruit from the tree, not planting one.

**Moon in Your 9th House****Spiritual Support**

The first reaction all around is a good laugh, especially when people are surprised by the open truth. For the next couple of days, honesty is a pleasure and has crowd appeal, too, so don't be afraid to speak out without taking yourself too seriously. Big ideas are favored, but may be slim on details.

**Today's Aspects****Words With Feeling**

Moon Sextile Mercury 09:08:04 am Tr-Na

Putting in a good word on the QT will be better than hollering. Ideas slipped into the conversation will find automatic response and agreement. Low-profile exchanges will snowball into a general consensus if you pursue quiet leadership and follow your intuition. Gentle feelings illuminate the mind.

**Transform Emotions**

Moon Sextile Pluto 12:46:02 pm Tr-Tr

A sense of easy power without display makes working behind the scenes easier and waiting for rewards more profitable. If you know you're going to win, you needn't show it, and all kinds of competition and conflict is avoided. That goes for the rest of the world, too -- win-win is definitely the way to go.

**Emotional Progress Arises**

Moon Square Ascendant 05:59:40 pm Tr-Na

It may be hard to take care of yourself when others at home or at work are insisting on attention. Do what you can to burn both ends of the candle, but don't push too hard, you'll just drain yourself without actually accomplishing all you want on either front. Just in time and just enough are quite sufficient.

The interpretation pages are all in plain English (no jargon) and include keyword titles, times details, and full personal interpretation. We have even added a full-color astro-tarot card to set the tone.
