Click on "Snow Business" title to see twelve photos of our center and snow. [Link]

Looking toward the back of our property. Our house is on the right... you can see a few windows. In the back middle building is our shrine room where meditation and practice is done. Next to it on the right is a stupa under a canopy. A stupa is a monument that represents the mind of the Buddha. There are eight major kinds of stupas. Ours is an "Enlightenment Stupa."
