Classic Posters - Major Poster Artists of the Bay Area

by Michael Erlewine

Here are some of the major cities in the region that have been very active in producing posters. The artists for each city are hyperlinked, so that you can check out their art. They are also listed in chronological order, from the date their work first appears in our database. In many cases, but not all by any means, their listing here may indicate that they live or have done a lot of posters for this locale or town.
